for further information about the concert.

PETER & ELLEN ALLARD have established themselves as multi award-winning recording artists, children's performers, and early childhood music consultants. Drawing on a rich tradition of musical experiences, they present captivating family performances, worship experiences, keynote presentations and teacher workshops for secular and Jewish audiences all throughout the United States. Peter and Ellen are enthusiastically committed to helping children and families strengthen their Jewish identities. Through creative programming, they are able to make Judaism accessible to everyone, helping young and old alike explore and enrich their spiritual lives. During their high energy concerts and children's worship services, this duo playfully shares a potpourri of easy-to-sing songs and chants. As performers, they exude warmth and excitement, inviting audiences to "perform" with them. As songwriters, they create clever lyrics and singable melodies that reach right into the lives, hearts, and minds of their listeners. As educators, they present material that is informative and inspiring, as well as extremely entertaining. Since 1994, this duo has performed for daycare centers, nursery and elementary schools, synagogues, churches, libraries, museums, community centers, festivals, park & recreation programs, and have made numerous appearances on TV and radio. Peter & Ellen have released seven recordings and three songbooks, and have received eight national awards for their music.
